ST. ELIZABETH SCHOOL

Every student can learn. Sometimes, it just takes a flexible approach to tap into a child's unique abilities.

At St. Elizabeth School, we adapt our program to meet the needs of each student. We believe in our students and help them believe in themselves.

St. Elizabeth School is a co-educational, nonpublic program for elementary, middle, and high school students ages 6-21 in grades 1-12, with special needs. Our program prepares students for a Maryland High School Diploma or a Maryland High School Certificate of Program Completion. Students receive instruction in academics, social and emotional development, and vocational areas.

Project CAMPUS

Creating Access, More Parking, and a Unified Site

For the past three years, St. Elizabeth School has been working on Project CAMPUS, an initiative that will expand and revitalize our campus, while creating a safer bus route for our students. Although we have not broken ground on this project, there is much work being done behind the scenes. This includes raising the needed capital to move this project forward. As we continue this important effort, we are asking our SES community to help us take the next step toward making this vision a reality.

The Benefits of Project CAMPUS

- A more predictable traffic flow and a safer place for buses to stage at arrival and dismissal time
- Additional classroom space for instructional learning and related services
- Additional parking spaces
- Expanded outdoor space for recreation, exercise, and therapeutic meditation
- Opportunities for students to have on-campus work-based learning experiences while giving them an off-campus work-based-learning feel
- A unified and expanded campus
- A way to pay homage to SES's founding Sisters and uphold the Franciscan values that are at the core of our mission
- Communication of our values to the community at large
- Improvements to the look, feel, and value of the Pen Lucy Community
- An implementation of our Maryland Green School initiative
